. . . Sleeping Bags

Wow! this bag is great. I tested it in Wisconsin at 6 below in my shorts and I was not cold at all!
--richard, Amazon

This bag should be standard issue for any citizen of the planet.
--The Magpie, Amazon

I just bought your Mammoth bag and love it. Thanks again from a happy camper!
--Nathan G, Email

I was skeptical at first because the price on this sleeping bag was so low compared to others at the same temp rating. When I used it I felt like I made the best purchase I could have. This sleeping bag performed extremely well.
--Roy K, Amazon

This is a very substantial sleeping bag, in size and quality of construction. The bag is well made and very comfortable to sleep in. Well done, Teton!
--USA, Amazon

On a scale of 1 to 5 . . . this ultimate sleeping bag rates a 6.
--aphoenix2, Amazon

This sleeping bag is worth every penny.
--m neese, Amazon

I have bought a dozen bags in my life and always found that you are always left, at the worst spot, wishing you'd paid the extra \$100 for a better bag. Well, I bought the Teton -25F bag, and must say, I don't think there is a better bag made.
--Larry C, Amazon

. . . Backpacks

Thank you for making such great bags at an affordable price!
--Christy W, Email

The overall quality, features, durability, comfort and affordable price makes this backpack second to none. I would recommend this backpack to anyone.
--James G, Email

I love the backpack.
--William C, Email

Extremely happy with this backpack.
--Mark, Amazon

This is such an amazing backpack, and I am so happy with this purchase, that I want to look for things around the house and neighborhood to carry in this bag!
--doncole99, Amazon

We have been through 3 backpacks this year. Each one we buy has fallen apart. I have a son, who likes to run, jump and play and his backpacks take a beating. I ordered this one because of the price, since we seem to go through so many. I am REALLY impressed. This is a heavy duty bag, it is standing up to my son's daily use and abuse perfectly. Great bag.
--FloridaGirl, Amazon

I was pleasantly surprised to see how well constructed this bag is.
--J Callanan, Amazon

I would definitely recommend this over some of the more popular and well known bags such as JanSport. The cost is much less and the quality is excellent.
--medialint, Amazon

This is a very nice pack for the money. You simply can't get a better deal than this.
--J. Simone, Amazon

. . . And the Patented TETON Sports Extra-Large Cot

Great cot - Best one I have ever had!
--geogewww, Cabela's

One of my best purchases. All I can say is that I slept on this cot better than I do on my mattress at home and I have a good one.
--cbgale, Cabela's

We purchased two of these cots for camping and are very pleased. This cot is awesome! We are extremely satisfied. --Carrie, Amazon

I have a back injury and was still able to be comfortable on this cot. A+++ cot.
--Katy S, Amazon

Fantastic cot. It is firm and huge. Toss a pillow and sleeping bag on there and you will sleep like you are at home.
--zooju, Cabela's

I will be buying several more for deer camp.
--Norseman893, Cabela's

I really like the size and just right firmness, it makes you forget that you're sleeping on a cot.
--AustinDoughboy, Cabela's

This cot provides you with all the comfort of your own bed while in camp. I let my buddy borrow mine for a camp out and he liked it so well he ordered one for himself.
--97nomad, Cabela's

This is a terrific product. I liked it so much I bought 6 more for friends and family.
